

## CREATE TO INSPIRE CHANGE... OUTDOOR ACTIVITY

### Introduction:

How can we be a part of the change we want to see in the world? What are you passionate about? How can you help and what actions can you take to inspire others with their understanding of the UN SDGs?

### Activity:

To create a visual art piece with items found in nature (i.e. rocks, driftwood, leaves, sea glass etc.) to help inspire others to take action with one of the selected SDGs that you are passionate about or interested in.

### Objective:

Today we will create a visual art piece with natural elements to inspire positive change and hope!

### Tools:

Pieces of wood of various sizes and shapes, string or thread, bark, shells, rocks, sea glass, pine cones or other, scissors (with an adult's supervision), glue

### Prep:

Start by exploring the 17 SDG on a computer or phone and find the one that is the most important to you. Find an inspiring quote linked to that goal. Then, plan to go for a walk in nature with an adult to appreciate its beauty. It could be in the forest, by the lake, a river, the sea. Connect with the ground you are walking on and be attentive to the natural elements around you. Collect the materials that appeal to you and that you will use for creating a natural art piece.

**SHARE!** When you finish your project. Take a picture of your video and share it with us  
#NaturalMakerSpace & #MakerFun

# #MakerFun DAILY CHALLENGE

Join us every week day at 10am AST for a new **Make-At-Home** activity & 1pm AST for an **Outdoor activity** or a Digital Learning skill while schools are closed.
